

# WESTERN VALLEY MINOR HOCKEY

## **Vice President Report**

I would like to thank all the Coaches, Managers and Volunteers for all their time this past season. The association had a lot of success at many levels this past season.

## **Risk Management**

There were a few risk management issues this season that centered around coaches and bench behavior. Western Valley continues to support our Coaches and provide the training and equipment they need to be successful. We recognize that we have a shortage of volunteers at all levels and continue to try and provide the necessary support to ensure they have successful seasons and enjoy their time behind the bench as much as the kids do on the ice. We hope that the coaches gain experience and enjoy their time and come back and help for many seasons.

## **Suggestions for Next Season**

Continue to appeal for new coaches and volunteers to step forward to help coach and manage. Without lots of volunteers and lots of support for our minor hockey teams and programs they are challenging to run and have them be successful.

Here's to hoping next season is as successful as the this past one was.

Respectfully submitted,

Adam Verran

Vice President WVMHA
